RULE/STATUTE VIOLATION(S)

VIOLATION(S)

RSMo 210.254.2(3)

The notice of parental responsibility shall include the following: The staff/child ratios for enrolled children under two years of age, for children ages two to four and for those five years of age and older as required by the department of health and senior services regulations in licensed facilities, the standard ratio of staff to number of children for each age level maintained in the exempt facility, and the total number of children to be enrolled by the facility.

CONCLUSION SUMMARY

On March 24, 2017, CCFS Snyder made an unannounced inspection at the facility. CCFS Snyder interviewed all three of the staff, and they all verified that the facility was short handed. One staff member had quit, one had been fired and one was out sick.

CCFS Snyder observed three staff caring for 40 children, ages two (2) through five (5), of whom six (6) were age two (2). The facility's Notice of Parental Responsibility requires a staff/child ratio of one staff for every eight (8) children for ages two (2) through four (4). Therefore, the facility needed five caregivers to comply with the Notice of Parental Responsibility. With only three (3) staff on site, they were clearly out of ratio.
