VIOLATION(S)

A safe diapering table with a waterproof washable surface shall be used for changing diapers. The diapering table shall be located within or adjacent to the group space so the caregiver using the diapering table can maintain supervision of his/her group of children at all times.

CONCLUSION SUMMARY

Compliance Inspector (CI) JD Greer conducted an unannounced investigation of the allegation that there is not a diaper changing table in the nursery. The allegation is substantiated based on the following information:

5 CSR 25-500.082(4)(A) which states, "A safe diapering table with a waterproof washable surface shall be used for changing diapers. The diapering table shall be located within or adjacent to the group space so the caregiver using the diapering table can maintain supervision of his/her group of children at all times."

On August 10, 2023, CI Greer interviewed Director Codi Green, who stated the changing table was removed from the classroom on August 8, 2023, to be painted. A changing pad was put in the classroom as a replacement until the changing table had time to receive multiple coats of paint and dry. The changing table will be going back into the classroom on August 11, 2023.

On August 10, 2023, CI Greer interviewed Lily Breitweiser, who stated the changing table was removed from the classroom a couple days ago. She does not remember which day it was removed from the classroom. The children are being changed on a portable changing mat while the changing table is being painted.
