Each child's parent(s) shall be notified immediately when any contagious disease occurs in the facility.

CONCLUSION SUMMARY

On February 9, 2023, the Office of Childhood (OOC) received an allegation that: The facility has one child diagnosed with giardia and another child with similar symptoms. After conducting an investigation, Compliance Inspector (CI) Michelle Honea has found this allegation to be substantiated based on the following evidence:

5 CSR 25-500.192(2)(B): which states, "Each child's parent(s) shall be notified immediately when any contagious disease occurs in the facility."

On February 15, 2023 after conducting an interview with the director, Stacey Diblasi-Gordon, it was determined that parents were not notified of the possible outbreak of Giardiasis disease that one child at the center was diagnosed with. CI Honea observed the letter to parents that director Stacey Diblasi-Gordon created to go out that day to notify all of the parents.
