CONCLUSION SUMMARY

SCCR has determined that Green Meadows Preschool was in violation of the above rules on September 9, 2020, based on statements by Stacey Dibalsi Gordon that staff member Ruth DeJesus is normally in the classroom with Child A ; she informed Ms. DeJesus that she could only find 3 incident reports in regards to Child A being bitten ; when Parent of Child A would pick up he would take the incident reports home with him; and Child A has been bitten a few more times than those 3 incident reports. This decision is based on statements made by staff member Ruth DeJesus that she is not sure the total times Child A has been bitten, but if she had to guess at least 5 or 6 times; she does not recall Child A getting bit on his cheek normally on his arms ; she noticed that Child A kept getting bitten by Child B so she decided to separate them . This decision is based on statements made by staff member Hope McDaniels that on September 2, 2020, she and Ruth DeJesus took the children out to play; Child A was playing outside and she found Child A crying; when she went to check on Child A, she found marks on Child A's back that looked like little pinches; she did not write a report; she informed Ruth DeJesus about the marks; and there must have been a miscommunication between them and that might be why the incident report was not written.
